CANADIAN BRAND - AROUND THE WORLD

AMEVIE is a Toronto based sunglasses brand with a strong charity mission. The founder's struggle with sun sensitivity gave birth to Amevie, as a venue to help others enjoy life in the sun, safely.

The collection is designed in Toronto and manufactured overseas with certified partners. Bamboo is a sustainable and renewable resource, and we offer a worry-free 180 day warranty.

Each pair is packed with a foldable case made from recycled paper, pouch & cleaning cloth.

Amevie is an official partner of Seva Canada, and with the purchase of one pair of sunglasses, the company donates to Seva Canada to ensure a child in need gets a pair of prescription eyeglasses.
